Newport, Arkansas

Introductory.

TERMS. My terms are strictly cash with the order.

HOW TO SEND MONEY. Remit by Post Office Money Order, Express Money Order, or Registered Letter.

FREE BY MAIL. We pay postage on all bulbs, plants, etc., except where large plants are sent; we then ship by express. But of course we can always send larger plants for same money by express, purchaser paying charges. We add *gratis* plants to help pay charges when shipped by express. We would always advise customers to order by express when convenient. We can send plants with perfect safety by mail, if time in transit does not exceed six or eight days.

OUR MODE OF PACKING IS VERY COMPLETE. We first pack plants in damp moss or cotton, then wrap in oil paper, and lastly pack all in a strong wooden box made especially for the purpose.

PLANTS BY EXPRESS. Plants shipped by express are packed in light baskets or open boxes with soil on the roots, and tops exposed unless in cold weather; we then place a light covering over the tops to protect them from the cold. Plants shipped in this manner go through nicely and in most cases look as fresh as when started, hardly checking their growth. All plants shipped by express, unless otherwise ordered.

ORDERS for less than one dollar will not be filled unless 15 cents additional is sent to pay postage, as it is quite as much trouble to handle, and requires nearly as much postage to mail a 50 cent order as one for $2.

A GREENHOUSE AT YOUR DOOR. To all lovers of flowers we wish to say that it makes no difference in what remote section of our country your lot may be cast, We can reach you by mail or express with our choice collection of plants as easily as though they were grown at your own door. All plants guaranteed to reach you safely and in good condition.

TREATMENT OF PLANTS ON ARRIVAL. Plants shipped by express suffer very little, if any, in transit. More care and precaution have to be taken with plants sent by mail, as the soil necessarily has to be washed off the roots to lessen the weight. On arrival, place them in lukewarm water for about an hour, leaving the paper and moss undisturbed. After potting or planting, shade for two or three days.

SUBSTITUTION. It sometimes occurs that stock of some varieties become exhausted before the season closes, in which case we shall take the liberty to substitute others of same color and price, being equally as good if not superior to the ones ordered. Should any of our customers object to this course they will please so state in their orders.

CLUB TERMS.

To induce the getting up of Club Orders we will allow the following liberal discounts. The sender will also receive some valuable plant or plants extra.

WM. M. BOWEN, Newport, Arkansas.

Novelties and Plants of Special Merit.

NEW ROSES.

DUCHESS OF ALBANY. (Hybrid Perpetual.) This magnificent new hybrid perpetual rose is undoubtedly one of the finest of recent introduction. It is a sport from the *La France*, but seems to far surpass it. It is remarkably vigorous. A constant and profuse bloomer. The color is a lovely rich shade of amber pink, similar to, but much deeper than *La France*. The flowers are larger and more expanded; very double and full; fragrant. Strong plants, 50 cts.; extra large, 75 cts.

METEOR ROSE.

MADAME HOSTE. (Tea.) An exceedingly beautiful tea rose, extra large full flowers; color fine canary yellow, deepening at center to rich golden yellow; very fragrant. Strong plants, 50 cts.

MADAME DE WATTEVILLE. (New Everblooming Tea.) One of the most beautiful varieties lately introduced; color, remarkable shade of creamy yellow, richly colored with rosy blush; the flowers are large and very full; highly perfumed. Strong plants, 50 cts. each.

THE NEW EVERBLOOMING ROSE METEOR. The color is a rich velvety crimson, very bright and striking; the flowers are large and regular, perfectly double; it is a constant and profuse bloomer; very sweet. Strong plants, 50 cts. each.

MRS. JOHN LAING. (New Hybrid Perpetual.) This is a most promising hybrid of an exquisitely delicate pink color; it is a remarkably strong grower, very free bloomer and deliciously fragrant. Strong plants, 50 cts. each.

NEW GERANIUMS.

LA FAVORITE. This fine new variety is without any doubt the best of any double white Geranium ever introduced; many extra fine plants have some weakness; this has none, being a strong grower, profuse bloomer, and always reliable in coming perfect in color and substance. The trusses are very large, and flowers beautifully formed. 20 cents.

GLOIRE DE FRANCE. A grand sort; flower very large and double; center a very distinct, dark salmon, with a large border of rosy white. 20 cents.

EMILE LEMOINE. This geranium, without a doubt, is the finest single geranium ever sent out in color as well as in size of blooms. The color is a rich velvety dark

WHITE SWAN GERANIUM.

GERANIUM, LA FAVORITE.

scarlet. The single florets are a quarter inch larger than a silver half dollar, by actual measurement—an enormous size for a geranium. I have only a limited stock of this variety to offer this season, wherefore it will be well for those wanting a plant to order promptly. 25 cts. each.

WHITE SWAN. A perfectly double pure white variety, which has received a first-class certificate from the Royal Horticultural Society, of London, as being the best of its class. It is a remarkably free bloomer, and is, in season, a perfect ball of pure snow white flowers. As a pot plant for house decoration it will fill a long felt want, as many of the white sorts become semi-double, or run into rose or blush shade during the spring and winter months, while this variety is always pure glistening white. It is a superior geranium, and worthy all the commendation bestowed upon it. 20 cents each.

NEW FRAGRANT VERBENA, MRS. CLEVELAND.

Pure white, very large, and almost as fragrant as a heliotrope; very valuable for cut-flowers, as the blooms are a waxy white, and the fragrance is something new in the verbena. This plant is unique and most valuable, and you will be greatly pleased with it. 15 cts. each.

FUCHSIA, PHENOMENAL.

NEW FUCHSIAS.

PHENOMENAL. (The King of Fuchsias.) The flowers are of enormous proportions, being very double and a most beautiful red ; corolla intense bright sky blue. This is without comparison the largest fuchsia grown, and is of splendid habit. 25 cts. each.

MRS. E. G. HILL. An immense flower of fine effect ; flowers very large aud double. The corolla is beautiful satiny white. The sepals are well reflexed and are of a bright scarlet pink ; a lovely color. It is the best of all white fuchsias. 25 cts. each.

NEW ABUTILON, THOMPSONI PLENA.

This curious and novel new variety will attract great attention. Its flowering qualities are remarkable, blooming all the time ; this, with its beautiful variegated foliage makes it undoubtedly one of the finest abutilons ever introduced. 25 cts. each.

GLADIOLUS, THE BRIDE.

Pure white. This is one of our finest and most showy summer blooming bulbs. 15 cts. each, or 4 for 50 cts.

NEW "OSTRICH PLUME" CHRYSANTHEMUM, OR MRS. ALPHEUS HARDY.

NEW CHRYSANTHEMUMS.

THE NEW OSTRICH PLUME, or MRS. ALPHEUS HARDY. This wonder ful chrysanthemum has created a sensation wherever shown, being totally distinct from any other kind; it is pure white, of immense size, broad petaled and incurved, the surface being downy like loose piled plush, and thus entirely differing from any variety ever known before. It has just been introduced from Japan, and is a most unique and desirable sort. A truly novel and superb variety; grow a plant in good order, and you will be able to excite the admiration of all your friends and neighbors. 25 c.

MRS. CLEVELAND. Needle-shaped slender petals, rising at all angles; pure white, changing to a faint pink; perfectly unique in form, and remarkably handsome in its clear cut beauty. Very double, and a good bloomer. 20 cts. each.

NEW EVERBLOOMING CARNATIONS.

The following new carnations have been thoroughly tested and found to be of extraordinary merit. The perfection to which this well known and beautiful class of plants has been brought has made them unequaled in popularity. We earnestly advise our patrons to order the new varieties, as they are sure to give satisfaction.

TYPE OF THE NEWER CARNATIONS.

TIDAL WAVE. Flowers very large and perfect in form; color bright rosy pink, changing to a beautiful soft pink, with salmon shading when flowers are fully expanded. A very healthy grower and a remarkably free bloomer. This we consider one of the best pink varieties ever offered and truly a Tidal Wave in pink carnations. 25 cts.

L. L. LAMBORN. A dwarf compact grower, bearing on long stems, fine waxy white flowers; a profuse bloomer, and free from all bad habits, such as splitting its calyx, flowering in clusters, etc. 25 cts. each.

THE TRUE CHINESE SACRED LILY.

This is the one great winter blooming bulb which is more eagerly sought after than any other where it is known, the main reason being the ease with which it is brought into flower. The bulbs are very large and each sends up several spikes which bear clusters of large perfect waxy white blossoms with yellow center and a delicious fragrance, which is not excelled by any other flower. The Chinese method of blooming them is as follows: Fill a bowl or some similar vessel with pebbles and sand, in which place the bulb, setting it two-thirds its depth so that it will be held firmly; then fill with water to top of pebbles and place in a warm sunny window. The bulbs will at once commence a rapid growth and bloom in five or six weeks. The bulbs have so much vitality that they can be started as late as April 1st, by being kept perfectly dry up till that time. By obtaining a half dozen and starting them at intervals, you can have them for many months in growth. Extra large bulbs, 35 cts. each; two for 60 cts.

THE TRUE CHINESE SACRED LILY.

OUR GRAND NOVELTY COLLECTION.

$5.70 Worth of Plants for $4.00.

To any one desiring the preceding valuable collection of Novelties complete, we will pack in good shape, one strong plant of each and send by express for $4.00, and in addition we will add gratis plants to help pay charges. If wanted by mail, smaller plants will be sent.

SELECTED STANDARD PLANTS.

Our list is not the largest in the country, but it has the solid grains of wheat, and the absence of chaff only makes selection easier. The stock is well grown and healthy.

ROSES.

Few words need be said in regard to roses. They are still leading all plants in public favor, and we are glad to offer the best varieties known.

TEA ROSES.

In our collection will be found only the cream of the tea roses. In our opinion there is no class of plants that will give better satisfaction for money expended.

10 cents each, except where noted; a limited number of large plants from the open ground, 50 cents each.

Adam. Rich, rosy pink; very sweet; a grand old rose.

Bon Silene. Noted for its great size and the beauty of its buds; color, deep rose; very fragrant.

Cornelia Cook. The finest white tea rose in cultivation, but a shy bloomer.

Cecil Berthod. A splendid yellow rose; very large and full; a constant bloomer. One of the best kinds for the south.

Catherine Marmet. A beautiful clear flesh color, with the same silvery luster seen in *La France*. Largest size, full, well formed, and exquisitely fragrant.

Comtesse de Frigneuse. (See illustration.) Color delicate canary yellow, with softer shade on inside petals. A charming variety, thought to be the finest deep yellow rose lately introduced; constant bloomer. 25 cts.

Comtesse de la Barthe. Rosy flesh; color medium, nearly full; globular; vigorous.

Devoniensis. (Magnolia rose.) Beautiful creamy white, with rosy center; large, full and delightfully sweet. One of the finest roses for the south.

Duchess de Brabant. Soft rosy pink petals, edged with silver; free flowering.

Etoile de Lyon. Beautiful chrome yellow, deepening at the center to pure golden yellow; deliciously fragrant; a fine bedding variety.

Edmund de Bianzat. A strong vigorous grower, with fine leathery foliage shoots; color peach, tinged with salmon and pink.

Grace Darling. Vigorous grower, free flowering; blooms large, color quite new; base of petals creamy white, deeply tinted and shaded with pinkish peach.

Isabella Sprunt. Bright canary yellow; large beautiful buds. very sweet; tea scented.

Jules' Finger. A deep pink, changing to brilliant red; strong grower; splendid buds.

COMTESSE DE FRIGNEUSE.

Jules Finger. A deep pink, changing to brilliant red; strong grower, splendid buds.

Jeanne de Arc. Fine yellow; large, of good form, and very fragrant.

Letty Coles. Soft rosy pink, deeply shaded, with crimson; extra large full form, and exceedingly sweet.

La Pactole. Pale sulphur yellow; full and double; beautiful buds, and one of the most profuse bloomers.

Luciole. Very bright carmine, rose tinted with saffron yellow; large, full and of good shape and habit; long buds and deliciously sweet.

Madame Welche. Color, beautiful amber yellow, shaded with ruddy crimson flowers; extra large, very double and full globular form. 15 cts.

Madame Margottin. Deep citron yellow, center rosy pink; large and very full. A beautiful rose. 15 cts.

Madame Joseph Schwartz. An excellent rose; buds white and pink tipped, very fragrant.

Marie Van Houtte. Creamy white, edge of petals tinted with rose; large, full and very fine form. One of the best. 15 c.

Marie Guillot. A splendid rose, first-class in every respect; color, pure white, tinged with pale yellow; extra large, full and sweet.

Marechal Niel. This is without a doubt the queen of roses, especially in the south, as it is not perfectly hardy, but blooms of this rose sell for three times as much as any other; it is very large and of a beautiful form; color, sulphur yellow; simply unapproached in its beauty and fragrance.

Madame Cusin. Color, rosy purple, with yellow base to each petal; medium, full of fine form and very sweet. 15 cts.

Nina. Silvery white, colored with rosy blush; very full and fragrant. A good rose.

Niphetos. Pure white center; pale straw color; beautiful long pointed buds.

Perle des Jardins. Bright straw color, sometimes canary yellow; center, orange, large and full; globular and very sweet; of vigorous growth and a free bloomer.

Premiums de Charrissicus. Extra large, very full and double; bright crimson rose, with fawn center; splendid buds and of vigorous growth.

Papa Gontier. This splendid rose still attracts a great deal of attention. The color is a bright cherry red, changing to rich glowing crimson; very handsome and striking. A splendid grower.

Princess Sagan. Strong grower, with small closely set dark foliage; medium size; flowers of the brightest scarlet and velvety texture; unmatched in color and a beautiful rose. 15 cts.

PAPA GONTIER.

Souvenir d'un Ami. A lovely tea rose; extra large; globular flowers very full and deliciously sweet; color, deep rosy flesh; beautifully shaded, with rich carmine edges.

Sunset. A sport from *Perle des Jardins*, which it strongly resembles, except in color; flowers large, full form; color, remarkable shade of rich golden amber, elegantly tinted, with dark reddish copper, resembling in color a splendid afterglow sunset. 15 cts.

Safrano. Bright apricot yellow, changing to orange; sometimes tinged with rose; valued highly for its lovely buds, and for its freedom and vigor.

The Bride. This rose still maintains its position as the finest pure white rose; very beautiful buds and profuse bloomer; not excelled.

Viridissimma or Green Rose. Flowers quite double; pure deep green. A great curiosity.

White Bon Silene. An elegant new variety, remarkable for its fine buds; color, pale lemon, changing to creamy, waxy white.

HYBRID TEA ROSES.

American Beauty. An everblooming hybrid perpetual. Its color is a deep glowing rose, sometimes darker, but always a beautiful distinct shade; very double, and the odor is delicious. 15 cts.

La France. One of the most beautiful of all roses, unequaled by any in fragrance; very large and double; flowers continuously throughout the season, color is light silvery pink, shaded with silvery peach.

Madame Schwaller. A hybrid tea, of great freedom of bloom; rosy flesh, paler at base of petals and deeper on the edges; becoming cupped when expanded. 15 c.

Pierre Guillot. One of the finest and most valuable in the whole list; bright, velvety crimson, changing to brilliant carmine; flowers large, double and very full. Highly scented. 15 cts.

The Puritan. This new and attractive rose is pure white, very large; most delightful fragrance, being suggestive of the Magnolia. 15 cts.

William Francis Bennett. This rose created quite a sensation when first introduced. One of the largest and most double of roses; unsurpassed in freedom of bloom; rich crimson. Perfume sweet. A splendid rose for the south.

Anna de Diesbach. This is a hybrid perpetual, of a beautiful shade of carmine, extra large. A fine garden sort.

Dinsmore. This new rose has all the desirable qualities of a grand bedding rose, good color, fine form; a profuse bloomer and perfectly hardy. The flowers are large, very double and of a dazzling scarlet crimson color. 20 cts. each.

HYBRID PERPETUAL ROSES.

General Jacqueminot. One of the finest and hardiest among the hybrid perpetuals and cannot be too highly recommended. It is a bright crimson, exceedingly rich and velvety. The buds and partially expanded flowers are very fine and fairly glow with deep rich coloring. A vigorous grower and free bloomer.

Hermosa. The rose for the million. A splendid old sort that flowers continuously; clear beautiful rose, globular; plant vigorous and hardy.

THE BENGAL DAILY OR CHINESE ROSES.

The following roses are most constant bloomers, blooming from early spring until frost; also suitable for pot culture.

Agrippina. Brilliant crimson, vigorous grower; earliest to bloom in spring.

Bean Carmine. Clouded dark crimson, very double.

Douglass. Dark rich crimson; valuable for winter blooming. 10 cts. each.

Louis Phillippe. Dark velvety crimson; black center. Extra. 10 cts. each.

BOURBON AND NOISETTE ROSES.

The Noisette roses bloom in large clusters; they are of climbing habit.

Souvenir de La Malmaison. This is a grand old rose; the flower is extremely large and double to the center; flesh colored and has been considered the finest Bourbon rose for forty years. Universally popular. 15 cts.

15 cts. each.

Chromatella, or Cloth of Gold. Clear bright yellow, very full and double; much prized in the south. 15 cts.

James Sprunt. Deep cherry red flowers of medium size; fragrant; strong grower and profuse bloomer. 15 cts.

Reine Marie Henriette. Bright red, large, full and scented; of vigorous climbing habits. A good climbing rose for the south. 15 cts.

POLYANTHA ROSE.

POLYANTHA ROSES.

(Dwarf or Fairy.)

Anna Marie de Montravel. Pure white flowers about an inch and a half in diameter, forming beautiful slender buds; flowers borne in such large clusters that the whole plant appears one mass of bloom; delightfully scented. 20 cts. each.

Miniature. A very dwarf variety; flowers quite small; a very delicate pink. 10c.

JAPANESE CHRYSANTHEMUMS.

CHRYSANTHEMUMS.

The popularity of the Queen of the Autumn seems to be on the increase each season. They are the most useful fall and early winter blooming plants, as they are perfectly hardy. Few people have any idea of the immense improvements made in the color as well as in the forms of this class of plants. No collection of hardy plants is complete without them. Below are listed only the very best, and those of special merit.

Culture.—Don't expect large perfect flowers in poor soil, from dried up, withered plants. Chrysanthemums must be fed copiously with water and have a good mulching of rotten cow manure, etc.; then you can expect to have perfect flowers and plenty of them.

JAPANESE CHRYSANTHEMUMS.

10 cents each, except where noted.

These are remarkable for their varied and grotesque form of flowers and petals, and for their rich and striking colors.

Abd el Kader. Richest dark brown maroon.

Blanche Neige. Pure snow white; very large.

Billardi. Deep lavender; large and fine; very beautiful.

Christmas Eve. Beautiful white, ball shaped, long twisted petals. Late.

Cullingfordii. Rich shade of crimson; most regular form. Extra fine; makes splendid specimens.

Grandiflorum. A magnificent variety. Flowers of immense size, often six inches in diameter; petals very broad and curving in so as to form a solid ball of the purest golden yellow. 15 cts. each.

Leopard. A distinct spotted variety; rich mauve, strangely spotted with pure white. Awarded a certificate as an oddity; surpassed by none.

Mrs. Andrew Carnegie. One of the best seedlings ever offered in America or Europe; bright crimson, reverse of petals a shade lighter; strong erect grower. A prize winner. 25 cts. each.

Mrs. Levi P. Morton. Bright pink; the base of each petal being pure white, forming a broad and decided ring around the yellow center. Awarded first premium at Orange, N. J., in 1888. 25 cts. each.

Moonlight. Immense flowers of pure white, with rich cream center.

Mrs. C. Carey. A magnificent flower with very large broad petals of pearly white, much curved and twisted; when in full bloom it presents the appearance of a bank of snow. 15 cts. each.

Mrs. R. Brett. A distinct variety, differing from all others in its peculiar plume-like flowers and rich coloring of pure gold. A gem. 15 cts. each.

Reduplicate. Two flowers, one in the other; violet shaded with carmine; an oddity.

Tokio. Brightest red of all chrysanthemums.

W. W. Coles. Very bright reddish terra cotta, reverse pale yellow center; short petals, bright gold, large flowers, very beautiful.

CHINESE VARIETIES.

These distinguish themselves through the compactness and regularity of the flowers.

Gorgeous. A gorgeous yellow in size and color.

John Collins. Immense, large flat flowers of beautiful silvery bronze.

Lady Slade. Flowers of brownish crimson and silvery rose, finely formed and incurved; a beautiful and largely grown variety.

POMPON OR SMALL FLOWERING SORTS.

Gold. A plant of short stocky and vigorous growth and is covered with a wealth of small golden flowers.

Daisy. A real French daisy.

La Fiancee. Fringed white, very small; an excellent sort; late. 15 cts.

GERANIUMS.

Geraniums are alike at home in the millionaire's costly mansion, or the cottager's humble window. They yield a wealth of bloom equalled by no other plant.

GRAND CHANCELLOR FAIDHERBE. A splendid rich dark crimson maroon, tinted with scarlet; fine large trusses. 20 cts. each.

HARRIET THORPE. The handsomest light flower we have yet seen; delicate blush, shaded with pearl pink; trusses large and well shaped. 20 cts. each.

SINGLE GERANIUMS.

10 cents each, except where noted.

Apple Blossom. Gigantic trusses of pearly white, suffused with rosy pink.

Aurora. Salmon, shaded rose on edge of petals.

Beauty of Laurenee. Bright rose, center white.

Celestial. Salmon, striped with white.

Explosion. Bright scarlet.

General Grant. Dazzling scarlet; large truss.

Jacob McCoy. Bright salmon.

Master Christine. Bright pink; the best of this shade.

Nabob. Orange scarlet.

New Life. Bright scarlet, flaked with white. 15 cts.

Queen of the Belgians. A lovely white.

Romeo. Light pink.

Rev. A. Atkinson. Dark crimson; very rich and velvety.

W. K. Harris. Blush.

White Distinction. Pure white. Grand.

DOUBLE GERANIUMS.

10 cents each, except where noted.

Asa Gray. Salmon.

Bridal Bouquet. Pure white.

Clipper. Dazzling scarlet.

Double Grant. A beautiful scarlet.

Jewel. Deep scarlet.

Madame Thibaut. Deep pink.

Madame Baltet. Very double and fine; pure white.

Peter Henderson. Exceedingly bright orange scarlet.

Pres. Leon Simon. Clear bright red, shaded with salmon.

NEW IVY-LEAVED GERANIUMS.

15 cents each, except where noted.

Jeanne d'Arc. Large double, of the purest white; free flowering. Extra.

Duchess of Edinburgh. Large leaves of a dark sea green; beautiful pink flowers.

L' Elegante. Variegated foliage; deep green foliage with a broad band of creamy white ground on leaf, often margined with pink. 20 cts. each.

VARIEGATED FOLIAGE GERANIUMS.

15 cents each, except where noted.

Distinction. Leaves regularly serrated, with narrow black zone near the edge on a dark ground. Peculiar and distinct.

Golden Bedder. Rich golden yellow, holds its color well; a grand bedding plant.

Golden Gem. Green leaves with golden border; very vigorous growth.

Madame Salleroi. Leaves small, of a bright green edged with pure white; valuable for either bedding or pot culture;

Sunray. Zone of bright carmine; outer belt a rich golden yellow, intersected with flame-tinted scarlet; coloring really gorgeous. 20 cts. each.
this is a gem.

SCENTED GERANIUMS.

15 cents each, except where noted.

Apple. We offer the true stock of this well known variety at 15 and 25 cts. each.

Balm. Very large foliage; deliciously fragrant. 10 cts.

Citron. A hybrid between the apple and the nutmeg of delightful fragrance.

Rose. Large, broad; finely rose scented. The old favorite sort, and yet holds its popularity; of good habit. 10 cts. each.

Dr. Livingston. Skeleton leaved, with finely cut foliage; rose scented; a very desirable sort.

PELARGONIUMS (LADY WASHINGTON GERANIUMS).

It is impossible to describe this beautiful class of plants. They are remarkable for their large and showy flowers; splendid for pot culture.

Strong plants, 25 cents each; larger, in buds and bloom, 50 cents each.

Admiration. Carmine, white, maroon and violet; colors clear and distinct, with velvety luster.

Captivation. White, with dark crimson spots.

Fred Dorner. New, everblooming; very rich, clear red and dark crimson.

Chas. Neuner. New, everblooming. A seedling. Rose and crimson, white bordered; large flowered.

BEGONIAS.

Begonias are constantly becoming more popular, as their adaptability and beauty are better understood. They should always be kept half shady, moist and warm.

15 cents each, except where noted. Large plants 25 and 50 cents.

ORNAMENTAL-LEAVED AND FLOWERING SORTS.

Alba Pieta. Very ornamental; long, ear-shaped, medium sized leaves of darkest green, with silvery spots.

Alba Perfecta. Dwarf, compact, free flowering; the best for outdoor planting.

Countess Louise Erdody. (Rex.) This is the begonia of all begonias. It is quite a curiosity. The leaves instead of presenting an even surface as in most varieties are twisted at the base into a spiral form. The foliage has a metallic luster, dark silver at center, shading to a coppery rose at the margin of leaf. 35 cts. each.

Dreggi. This is one of the most useful varieties. It is in bloom winter and summer. Flower a lovely white.

Diadema. Distinct and comparatively new. Leaf rich olive green, handsomely spotted with silver; good grower. 25 c.

Feastii. Glossy shining olive green veins, nearly white; dwarf; creeping.

Louis Chretien. The handsomest and easiest cultivated of all foliage begonias; dark green, with silver band, tinted with violet crimson and metallic luster.

Metallica. One of the finest for house culture; dark ground color of a light metallic, shining green; flowers pink.

Olbia. A late introduction and a grand variety. Leaves from seven to ten inches in diameter, and separated into deep sharp points; top of leaf bronze green; underside of reddish hue. 25 and 50 cts.

Quadricolor. Center a dark red, surrounded by silver; white zone, with suffused edge of bright red. 25 cents each.

Rubra. A shrubby begonia which will prove a grand plant for house culture; large bright scarlet flowers, freely produced.

Ricinifolia. Dark shining leaves, borne on large stout stems.

Silver Queen. (Rex.) Habit dwarf, with irregular strokes of green. A lovely plant and entirely distinct. 25 cts.

COUNTESS LOUISE ERDODY.

Schmidtii. A new variety with bronze colored leaves; of dwarf dense growth, and a profusion of rosy white flowers.
Sandersonii. Flowers bright scarlet crimson; almost a constant bloomer.
Verschaffeltii. Very tall robust grower; leaves bright green, palm-shaped; grand for decorative purposes.
Washingtoniana. Immense panicles of pure white flowers with fine glossy leaves; a splendid winter bloomer, being constantly in flower.
Weltoniensis. A very handsome winter bloomer; lovely pink flowers in profusion; they are borne on handsome racemes above the foliage.

CARNATIONS.

The growing popularity of these sweet-scented flowers causes us to give this Gem of Flowers special mention in our catalogue. The variety of colors is greater than that of any other fine flower; combine with that its delicious fragrance and you have a gem indeed. Below we list only those of the finest kinds, varieties of more than usual merit.

Chester Pride. A splendid carnation for winter blooming, never bursts the calyx; flowers large and double; pure white, striped with rosy carmine. 10 cts. each.
Hinzie's White. Beautiful fringed white, yellow center. 10 cts. each.
Crimson King. Deep crimson; very pretty. 10 cts. each.
Anna Webb. Flowers borne on long stems; beautifully fringed; crimson; a standard sort. 25 cts. each.
E. G. Hill. Large fringed flowers on long stems; intense, brilliant scarlet. 15 cts. each.
Wm. Swayne. Very large, pure white flowers; blooms freely. 15 cts. each.

FUCHSIAS.

Few plants can compare with the fuchsias in graceful form and delicate coloring of the flowers. Pot in ordinary soil; enrich with well decomposed cow manure; give plenty of water while growing and blooming. With this treatment they will produce a profusion of lovely flowers.

SINGLE FUCHSIAS.

10 cents each.

Arabella. White tube and sepals, with rose-shaded pink corolla.
Black Prince. Of immense size; plum colored corolla, crimson sepals; fine.
Speciosa. Blush rose tube and sepals, corolla dark red; a very free winter bloomer, and makes grand specimens when grown with care.

DOUBLE FUCHSIAS.

10 cents each.

Elm City. Rich, purplish crimson corolla, tube and sepals bright red; very large and fine.
Snow White. A beautiful white sort, very large blossoms; free bloomer.
☞Also many other varieties, not named.

HELIOTROPE.

Unequaled for their delightful perfume, as well as the delicate coloring of the flowers.

Queen of Violets. Violet purple, with large white eye.
White Lady. A profuse bloomer; flowers purest white.
Florence Nightingdale. Light lavender; very pretty.
President Garfield. A gem of the first water; deep blue; a profuse bloomer.

VERBENAS, MAMMOTH STRAIN.

The verbena is one of our most popular bedding plants; very free in bloom.

10 cents each.

Beauty of Oxford. Deep pink; very large.
Crimson King. Dark crimson; something to be admired.
Crystal. A lovely white.
Royal Purple. A rich purple.
Zebra. Dark blue flakes and dots, on white ground.

General Collection of Plants.

ABUTILONS.

(*Chinese Bell-Flower.*)

Arthur Belsham. Clear crimson.
Boule de Neige. Pure white.
Shower of Gold. Golden yellow flowers.
Thompsonii. Deep orange veined, crimson. 15 cts.

10 cents each; except where noted.

AGAVE. (*Century Plant.*)

Very picturesque plant for outdoor decoration, or in vases. 25 cts. each. One extra large specimen, $3.

ALYSSUM.

Little Gem. A dwarf compact variety, much admired; fine for edgings. 10 cts.

ALTERNANTHERA.

Plants with beautiful variegated foliage, used for ribbon lines and bordering.
Aurea Nana. A variety of compact, upright growth; bright yellow.
Versicolor. Leaves tinted, rose and carmine.
Paronychoides Major. Bright red.
Spatulata. Bright rose.

10 cents each.

ASPARAGUS TENUISSIMUS.

A splendid plant for decorative purposes, with fine filmy foliage. 15 to 25 cts.

AGERATUMS.

Light blue. 10 cents each.

AMARYLLIS EQUESTRE.

This beautiful flower is a bright salmon pink, with a distinct snow white blotch at base of petals; remarkably free flowering variety, striking and beautiful: it is wonderfully attractive for house blooming, and grows as well in pots as when planted outside. 50 cts. each.

BRUGMANSIA.

White, trumpet-shaped flowers, very fragrant; a striking plant; splendid for house culture. 50 cts.

BOUVARDIAS.

These are among the most beautiful of winter blooming plants. Also splendid for bedding plants, blooming from July till frost. Either white or pink. 15 to 25 cts.

CACTI.

Cacti have much to recommend them to the lovers of the curious and beautiful. They are very easily grown, standing the dry and heated atmosphere of the room and seem perfectly at home.

Gasteria. This beautiful variety is quite a curiosity; leaves beautifully spotted with white, in raised lumps; flowers on graceful spikes, blooming in winter. 50 cts.
Mamillaria Applanata. This plant makes show in early spring, when covered with bright red berries; the flowers, appearing also about the same time, make it doubly doubly attractive. 25 to 75 cts. each.
Cereus Grandiflorus. (Night-blooming Cereus.) The true variety of these flowers is straw colored, and of enormous size. Quite a curiosity. 25, 50 and $1.

CANNAS, NEW FRENCH.

Ehemanni. Flowers very large; bright carmine red; of strong growth, giving a tropical effect. 50 cts. each.
Emile Leclaire. (New.) Flowers very large; bright golden yellow, spotted with crimson and scarlet, giving it the appearance of an orchid. 50 cts. each.
Common Varieties. 25 cts. each.

CALADIUM ESCULENTUM.

This is one of the most beautiful of all ornamental foliage plants. When full size, it stands 4 to 5 feet high, with broad leaves 4 ft. in length, and 3 ft. in breadth. Bulbs should be planted out after danger of frost is over. Give plenty of water while growing. 25 cts. extra; large bulbs, 50 cts. each.

FANCY-LEAVED CALADIUMS.

Auber. Color of leaf green, veined with crimson.
Milton. Red veins, gray center, crimson spots; extra fine. 50 cts. each.

COLEUS.

This is one of the best, cheapest and most popular ornamental leaved plants for bedding purposes. Its varied tints of crimson, gold, bronze and green richly blotched and tinted, produce a brilliancy of color unequalled. We have over twenty-five different varieties, but for want of space do not describe. 10 cts. each or 75 cts. per dozen. To parties desiring a bed of unusual attractiveness we will send one plant of each of the twenty-five varieties for $1.25.

CANDYTUFT.

A dwarf, white flowering plant, suitable for bedding purposes. 10 cents each.

CYCLAMEN.

A splendid strain. 40 cts. The bulbs we offer are from the choicest collection in Europe.

CALLA LILY.

25 cts. Large plants in bloom, 50 cts.
Richardia or Spotted Calla. 25 to 50 cts.

CUPHEA. (*Cigar Plant.*)

A very pretty little plant with curious blossoms of red, tipped with yellow, resembling a miniature cigar with ashes at the top.

DAHLIAS.

One of our finest, oldest and best known of garden flowers. Height 2 to 6 feet; blooms constantly, but is not at its best until midsummer and autumn. For want of space will describe but a few of special merit.

Blanche Pine. This is one of the finest single we have; very dark rich crimson, resembling plush, beautiful yellow center. A gem.

Negro Boy. Darkest crimson, full center; very large, very vigorous grower and is literally covered with its immense blooms from July until frost.

Prince of Wales. A beautiful rose color; very double; extra large and fine.

Star of the Morning. This is one of the finest; orange scarlet; flowers large and double. 15 cts. each, 4 for 50 cts. Other varieties, double and single.

Mixed. 10 cts. each, $1 per dozen.

DECORATIVE PLANTS.

The following are mostly from 6-inch pots and are fine specimens; can only be sent by express.

Draeæna Indivisa. Fine for decorative purposes. 35 to 50 cts. each.

Pandanus Utilis. (Screw Pine.) Three-inch pots, 50 cts; 6-inch pots, $1.50.

Palms in Variety. Lantania Borbonica, etc. $1 6-in pots.

DAISIES.

Lovely little flowers that bloom early in the spring, admired by all.

Double. Mixed colors; white, pink and crimson, etc.

Marguerite. (Paris Daisy). 10 c. each.

DIANTHUS. (*Chinese Pinks.*)

As pot plants the Dianthus will always give satisfaction and as a garden flower they are among the best.

FERNS.

Maiden Hair. Foliage delicate and beautiful. 25 cents each.

Sword Fern. Very pretty. 25 cts. each.

FEVERFEW.

Little Gem. A dwarf variety; pure white flowers.

FARFUGIUM.

A spotted leaved plant of great beauty; thick waxy leaves; endures dry air and dust well; splendid for house culture. 25 cents each.

FICUS. (*India Rubber Tree.*)

A beautiful showy plant with thick glossy leaves. 50 cents each.

FUNKIA or DAY LILY.

Blue flowers, very pretty, hardy. 15 cts.

GLADIOLUS.

Popular, lily-like, summer flowering; bulbs of easiest cultivation. Plant every ten days from April until June and you will have a succession of flowers from July until October. Fine mixed bulbs. 10 cents each, 75 cents per dozen.

EULALIA JAPONICA VARIEGATA.

A beautiful striped grass growing from 5 to 7 ft., in height; bearing spikes of very showy flowers, which when dried, will last for years. Useful for winter bouquets. 20 cents each.

GLOXINIAS.

A most charming plant, of dwarf habit producing large blooms in great abundance. the coloring is simply beautiful; the ground work pure white with throats of blue, scarlet, rose, or crimson; or the tubes are of bright color, with white throats. 25 cents.

HYDRANGEAS.

Thos. Hogg. Pure white. 15 cents each.

Rosea. Rose colored, very clear and handsome. 15 cents each.

Grandiflora Paniculata. This variety is hardy. Pure white flowers in panicles a foot long. No collection complete without it. First size, 25 cents each; second size, 50 cents each. Extra large, 75 cts.

HIBISCUS.

15 and 25 cents each.

Large flowering tropical shrubs with very glossy foliage. The blooms average five or six inches in diameter.

Grandiflora. Brilliant scarlet; single.

Semi-Plena. (Miniata). Semi-double; clear carmine, tinted with violet; scarlet petals, waved and recurved. Very pretty.

Zebrinus. Double; outer petals scarlet, edged with yellow; inner petals very irregular, curiously variegated with creamy yellow and scarlet.

HOYA CARNOSA. (*Wax Plant.*)

Leaves resemble wax; and with beautiful flesh colored flowers. 25 cents each.

IVY.

English, Parlor, Kenilworth, and Variegated German.

IMPATIENS SULTANI.

(*New Perennial Balsam.*)

This is the most beautiful of all flowering plants of recent introduction, blooming both winter and summer, never out of bud or bloom; plant of compact growth and of easy culture. Small plants, 15 cents each, large plants, 25 cents each.

IRIS. (*Blue Flag.*)

With the exception of the Lily the Iris is the most popular of all hardy plants.

JESSAMINE.

Cape. Fine, double white flowers. 25 cents each.

Grand Duke. Creamy white; very fragrant. 25 cents each.

Night-Blooming Cestrum. Blooming at night. 15 cents each.

LEONOTUS LEONURIS.

(*Lion's Tail.*)

Long spikes of a vivid orange; a very valuable acquisition to our summer-blooming plants.

LANTANA. (*Shrubby Verbena.*)

A very fine bedding plant. In variety, white, yellow, etc.

LILIES.

The Lily has always been a favorite flower. It is of easy culture, perfectly hardy, can be planted in the fall or spring. Plant about six inches deep, and give good drainage.

Lilium Auratum. (Gold Banded Lily of Japan.) Grandest of all; white, with crimson spots; running through the center of each part is a clear golden band; flowers attain the size of 9 to 12 inches in diameter; very fragrant. Perfectly hardy in dry soil, and admirably adapted for pot culture. 30 cents each; extra large, 40 cents each.

Lilium Harrisii. (Easter Lily). Flowers very large and trumpet-shaped; pure waxy white; delightfully fragrant. In bloom by Easter or earlier, if properly cared for; good for out-door culture. 20 cents each; extra large, 35 cents each.

Lilium Candidum. The well known garden lily; pure white and very fragrant. 20 cents each.

Lilium Longiflorum. Pure white; extra fine and large; much grown. 30 cents.

Lily of the Valley. Delicate white flowers, very sweet. 10 cents each.

LEMON VERBENA.

Much admired for its sweet-scented foliage, which emits a strong lemon odor when rubbed.

LYCOPODIUM.

Fine basket plants.

Wilderii. A beautiful upright variety somewhat resembling a fern. 15 c. each.

MESEMBRYANTHEMUM.

(*Ice Plant.*)

Low growing plants with foliage glistening as if covered with dew or ice. Suitable for baskets.

MADEIRA VINE.

A rapid climber, bearing graceful racemes of fragrant white flowers.

MOON FLOWER.

Ipomea Grandiflora. This is a very rapid summer climber, blooming the first season; flowers of immense size, pure white and sweet-scented, four inches and upward in diameter. A splendid plant for verandas, etc. The rapid expansion of the flower is plainly seen, affording amusement. 15 cents each.

Ipomea Learii. (New Blue Moon-flower). Similar to above except flowers are blue, borne in greater clusters; a companion for Grandiflora.

Ipomea Mexicana or **Palmata.** A distinct and pretty Mexican species, bearing fine clusters of large, purplish rose colored flowers; tuberous rooted, and can be wintered like a dahlia; grows rapidly. 30 cents each. The set of three, 50 cents.

PÆONIES.

Are among the showiest and most useful of hardy plants; grow well in any situation or soil. 20 cents each.

PANSIES.

No class of plants give better satisfaction than these. Too well known to need description. 75 cents per dozen.

PRIMULA OBCONICA.

A valuable winter blooming plant; flowers of a soft lilac shade. 25 cents each.

PETUNIAS.

Are valuable for their variety of colors, and duration of their blooming period.

PILEA ARBOREA.

(*Artillery Plant.*)

A graceful plant, resembling a fern in general appearance. A fine basket plant. 10, 15 and 20 cents each.

PLUMBAGO CAPENSIS.

Fine summer flowering shrub, with azure blue flowers. 15 and 25 cents each.

SALVIA SPLENDENS.

(*Scarlet Sage.*)

Flower spikes of the most brilliant scarlet

SAXIFRAGA.

(*Strawberry Geranium.*,)

A fine basket plant.

SOLANUM. (*Jerusalem Cherry.*)

A neat, branchy plant twelve to eighteen inches high, bearing a profusion of scarlet berries. Very ornamental. 15 and 25 cts.

TRADESCANTIA.

(*Wandering Jew.*)

Three varieties.

TUBEROSES.

We cannot too strongly urge upon the lovers of flowers more extensive planting of the tuberose. We grow them in large quantities and offer extra fine large bulbs, sure to bloom.

Dwarf Pearl. Earliest and best. 10 cents each, 75 cents per dozen, $4 per 100.

Variegated. The foliage of this variety is beautifully margined and striped with creamy white and green. Early single flowered. 15 cents each, $1.25 per doz.

VIOLETS.

Swanley White. A most beautiful double white violet; a perpetual bloomer. 10 cents each, $1 per dozen; large clumps, 15 cents each.

Single Blue. 50 cents per dozen.

YUCCA FILAMENTOSA.

A hardy evergreen bush, producing spikes with hundreds of white well-shaped flowers; sometimes called Thread and Needle. 25 and 50 cents each.

BULBS IN BLOOM.

I keep a stock of double and single Hyacinths, Tulips, Lilies, etc., in bloom in pots, for sale during winter and spring. Fine specimens for immediate effect, 15 to 50 c. each.

EVERGREENS SUITABLE FOR CEMETERY DECORATION, ETC.

ARBOR-VITÆ, American. Fine bushy plants, 15 to 18 inches. 50 cents each.

Pyramidalis. An exceedingly beautiful bright variety, resembling the Irish Juniper in form. Foliage, deep green. 18 inches to 3 ft., 50 cents to $1.50 each.

BOX, TREE. Can be trained in any desired form by shearing; leaves of green; holds its color the entire winter. 15 to 50 cents each.

Dwarf. Suitable only for edging around walks, etc. 10 and 15 cents each, $1 per doz.

IRISH JUNIPER. Erect in form and habit; foliage, deep green and very compact, making a splendid column, sometimes 15 to 20 ft. high. 15 to 15 inches, 35 to 60 c. each.

LAWSON'S CYPRESS. An elegant California evergreen with drooping branches and feathery foliage; fine, bushy plants, 50, 75 and $1 each.

RETINOSPORA Plumosa. A plant of great beauty, with soft, plume-like foliage. 75 cents to $1 and $1.25 each.

NORWAY SPRUCE. A most popular evergreen, of perfect pyramidal habit; one of the best; 18 inches to 2 ft, 75 cents each.

MAGNOLIA Grandiflora. The finest of all Magnolias; a native of the southern states, where it attains the height of 100 feet. The growing of this beautiful evergreen is a special feature of our business. We have both field and pot-grown plants for sale. Pot-grown Magnolias are a specialty with us. There is absolutely no danger in planting, as a number of my customers can testify. But on the other hand every one that has had any experience in planting field grown plants, knows the direful results,—you cannot reasonably expect more than one-half to grow. Pot-grown plants have no mutilated roots. The roots are all in a nice ball of earth, and are therefore protected during shipment. Pot-grown plants, 10 to 12 in., $1 each; 15 to 18 in., $1.50; 20 to 24 in., $2 each. Field grown, 2 to 2½ ft., $1.50 each.

HARDY ORNAMENTAL VINES.

AMPELOPSIS Veitchii. A most valuable and beautiful climber. 25 cents each.

HONEYSUCKLE. In variety. 10 to 25 cents each.

JASMINE, White. Beautiful white flowers; very fragrant. 15 to 30 cents each.

Yellow. 15 cents each.

WISTARIA American. One of the best hardy climbers; bears long racemes of beautiful purple flowers 6 to 9 inches long, rapid grower. 25 to 50 cents each.

HARDY ORNAMENTAL SHRUBS AND PLANTS.

ALTHEA. (Rose of Sharon). Double, white; large plants, 50 cents each. Single, white, pink and purple; large plants, 25 to 35 cents each.

ALMOND, Flowering. A small shrub, literally covered with lovely pink flowers in the spring. 20 to 30 cents each.

GOLDEN BELL. Yellow flowers borne in profusion, both in Winter and spring. 15 cents each; extra large, 35 cents each.

BILOBA BILBOA. A rare and curious tree from Japan. Leaves fan-shaped—it would be impossible to accurately describe the exact shape of the leaves. It is certainly a curiosity. Stock is very limited. 3 to 4 ft., $1 each.

CRAPE MYRTLE. 25 cents each.
CALYCANTHUS. Sweet-scented shrub. 25 to 50 cents each.
DEUTZIA Gracilis. Pure white, flowers very early in the spring. 15, 25 and 35 cts. ea.
EUONYMUS or **Burning Bush.** Scarlet flowers in early spring. 25 cents each.
LILACS, White. Large bushes, 50 cents each, purple, 25 cents each.
PRIVET, Japan. Leaves about two inches by three long; almost an evergreen.
California. Similar to above, except leaves are smaller, 2½ to 4 feet. 35 to 50 c. ea.
PHILADELPHUS or **Mock Orange.** Strong plants. 35 cents each.
SPIREA, Van Houttii. Most beautiful of all Spireas. 30 to 50 cents each.
Bridal Wreath. 20 cents each.
SNOWBALL. Well-known. Extra strong plants, 50 cents each, small plants, 15 cts.
TAMARIX, Africana. Beautiful and very odd. 25 cents each; 5 to 6 ft., $1 each.
WEEPING WILLOW. 3 to 4 ft. 50 cents each.
WEIGELIAS. Pure white; large plants. 50 cents each.
Variegated-Leaved. Rose-colored flowers, very ornamental; large plants, 50 c. ea.

NURSERY STOCK.

APPLES.

Standard sorts, such as Red Astrachan, Red June, Early Harvest, Sops of Wine, Yellow May, etc., for Summer. Autumn and Winter:—Buckingham, Wine Sap, Fameuse or Snow, Gravenstein, Haas, Queen, Maiden Blush, Jennet or Jenniton, Jonathan, Rambo, Twenty Ounce, Ben Davis, Limbertwig, Nickajack, Northern Spy, Rome Beauty, Shockley, etc. No. 1.—4 to 6 ft., 25 cents each, $2.25 per dozen, $15 per 100; 3 to 4 ft., 15 cents each, $1.50 per dozen, $10 per 100,.

Special Varieties. Salome (new), very productive, keeping qualities unsurpassed. Winter Delight, red winter, said to be one of the best; an early bearer, winter. Yellow Transparent; a beautiful yellow apple, said to be the earliest in cultivation; juicy, rich sub-acid; earliest summer. Price of these special varieties; first size, 50 cents each, $4.50 per dozen; 3 to 4 ft., 30 cents each, $3 per dozen.

CRAB APPLES.

Yellow Siberian and Hyslop. 4 to 6 ft., 35 cents each, $3 per dozen; 3 to 4 ft., 25 cents each, $2.25 per dozen.

PEACHES.

We can furnish quite a number of sorts, not named here for want of space. I name only those best known. Early Amsden, Chinese Cling, Heath's Cling, Crawford's Early, etc. 25 cents each, $2.25 per dozen.

QUINCES.

Champion and Meech's Prolific. 50 cents each.

PEARS.

Kieffer's Hybrid and Le Conte, without doubt the finest pears in general cultivation. 50 to 75 cents each, $4 50 to $6 per dozen.

PLUMS.

Wild Goose, Silver Prune, Union Purple, 25 cents each. Prunus Simonii (Apricot Plum); a great acquisition from China. Marianna; very early. 50 cents each.

ORNAMENTAL TREES.

Catalpa Speciosa. Tree of very vigorous growth; broad leaves and bears an abundance of beautiful flowers in June; splendid for street planting. 25 cents each, $2.25 per dozen.
Box, Elder. 15 cents each, $1.25 per dozen.
Black Walnut. 20 cents each, $1.75 per dozen. Nursery grown.
English Walnut. 50 cents each.
Everbearing Mulberry. Very prolific. 50 cents each.
Russian Mulberry. 25 to 50 cts. each.

GRAPE VINES.

We have about 300 bearing vines of the following varieties. All have been tested and proved to be good for this country. Concord, Hartford Prolific, Champion. 25 cents each, $2.25 per dozen, $15 per 100. Moore's Early, Wyoming Red, Lady Washington and Golden Pocklington—40 cents each, $3.50 per dozen.

The above named vines are extra strong, two years old, certain to bear the second year. Second class vines of above varieties at two-thirds the prices quoted for first-class.

VEGETABLE PLANTS. READY APRIL 1.

Cabbage. Early Wakefield, Premium Flat Dutch and others, all the best early and late varieties. Extra nice plants, 60 cents per 100, $3.50 per 1,000; second size, 30 cents per 100, $2.50 per 1,000.
Cauliflower Plants. Best kinds. 15 cents per dozen, 60 cents per 100.
Pepper. Large Sweet Bell or Mountain. Pot grown. 50 cents per dozen.
Tomato. Leading kinds; fine, pot grown. 50 cents per dozen. $5 per 100; small, 25 cents per dozen, $1.50 per 100.

GANDY STRAWBERRY.

This berry is without doubt one of the finest in cultivation. It has created a sensation wherever exhibited. It is not only one of the largest in size, but is immensely productive, bearing a good crop the first season, if not planted too late. It is a most vigorous grower, and ripens very late.

Gandy Strawberry.

MONMOUTH STRAWBERRY.

This berry, unlike the Gandy, is very early, making a very fit companion for it. By planting the two varieties together the strawberry season lasts unusually long. The Monmouth, although a very large berry, is hardly so large as the Gandy. It will give an idea of the quality, beauty and size of these new berries when we state that the fruit, when marketed last season, brought 2½ to 5 cents per quart more than other varieties.

Price of strong plants that will bear this season, 6 for 50 cts., 12 for 85 cts., 100 for $5.

RASPBERRIES.

Red varieties: Turner, Hansell and Cuthbert, Black Caps, Mammoth Cluster.

Price, 75 cents per dozen, $4 per 100.

BLACKBERRIES.

Kittatiny. One of the largest, best and most productive.

Price, $1 per dozen, $4 per 100.

PRUNING SHEARS.

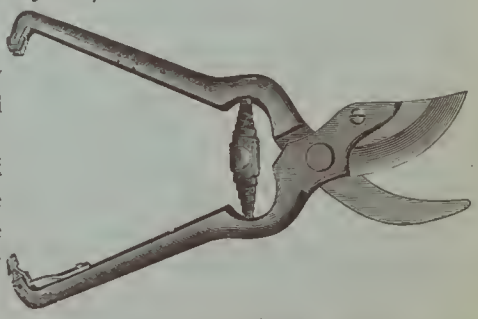
Henry's pattern, steel blade, malleable handle, brass springs. This is one of the handiest tools of its kind, being a general favorite wherever used. Indispensable to anyone having fruit trees, shrubbery, etc.

Price, $1 each; if by mail, 20 cents extra.

CLEVES' ANGLE TROWEL.

The Angle Trowel, or handy digger, is one of the most useful articles to anyone raising flowers. With it the soil can be loosened up to the depth of four or five inches, without injury, because of its angular shape. Especially adapted for pot plants.

Price, 25 cents; by mail, 5 cents extra.



Pruning Shears.
